

January 18, 2018

After many years in different positions and responsibilities I will leave TanQuid as per January 31, 2018 to face new challenges.

Through all the times I have been working with great enthusiasm in the field of tank storage and over decades TanQuid has been a bit of home and family. But – someday one comes to the point asking himself whether this is all – and for me I found my own answer.

Now it is time to set new goals and to take on new challenges. In consequence it is on me to do this step. I am very pleased to having worked out together with the management – Messrs. van der Ploeg and Dalhoff - a fair and satisfactory agreement for all parties.

Personally I am wishing TanQuid to stay on his successful course and a secure future for all sites.

I am quite sure that TanQuid will be your reliable and strong partner in the future.

Sincerely yours,

Thomas Schröder
